

## **RoHS Compliance** (Restriction of Hazardous Substances)

Fireeye Inc. certifies that the listed part numbers are in compliance with the European Union directive on the Restriction of Hazardous Substances (RoHS) in electrical and electronic equipment. This directive RoHS2 2011/65/EU without the use of annex exemptions, unless the specific exemption number is declared with the part number listed.

Fireeye Inc. certifies that the listed part numbers are in compliance with China's Administrative Measures on the Control of Pollution by Electronic Information Products, also called "China RoHS", unless the exemption for Environmentally Friendly Use Period (EFUP), in years, is declared with the part number below and by use of a specific label on the product.

Fireeye Inc. certifies that the listed part numbers are within the maximum concentration levels of the hazardous substances listed below:

Lead (Pb)	0.1% of weight	1000 mg/kg	1000 ppm
Mercury (Hg)	0.1% of weight	1000 mg/kg	1000 ppm
Cadmium (Cd)	0.01% of weight	100 mg/kg	100 ppm
Hexavalent Chromium (CRV1)	0.1% of weight	1000 mg/kg	1000 ppm
Polybrominated Diphenyl Ethers	0.1% of weight	1000 mg/kg	1000 ppm
Polybrominated Byphenyls (PBS)	0.1% of weight	1000 mg/kg	1000 ppm

This statement is based on our current level of knowledge and covers all materials used in the manufacturing of our devices. Since conditions of use are outside of Fireeye's control, Fireeye Inc. makes no warranties, expressed or implied and assume no liability in connection with any use of this information.

Fireeye Inc. will continue to monitor the status of the candidate list as part of our on-going compliance activities continually updating the list of compliant products.

Should you have any questions, please do not hesitate to contact me at 603-845-4225 or [jan.holewinski@fireeye.com](mailto:jan.holewinski@fireeye.com).

Sincerely,

Jan Holewinski  
Director of Sales and Marketing

The following is an active list for RoHS compliant Fireye equipment at of 07/14/2017
